

Erin Ní Fhoghlú

SETUSU Nominee

First Term

2025-2026

Skills, Experience and Qualifications.

Elected as SETU Students' Union President for the Academic Year 2025/26 where I am honoured to represent over 15,000 students across Waterford, Wexford and Carlow campuses in SETU.

As President of this Students' Union I am mandated to represent the voices of students across all three of our vibrant campuses. In this role I am committed to representing all students as a collective, and ensuring that the student voice is effectively heard in discussions that directly impact them.

I come from a science background having completed three of my four years of my undergraduate studies in Molecular Biology and Bio-pharmaceuticals.

During my studies I was a class representative for two of my three years of study, where I learned to foster open communication and effective collaboration between the students and the faculty of the University.
