Skills and experience

Professor Patrick Prendergast has experience in all aspects of universities. He was President/Provost of Trinity College Dublin from 2011 to 2021. Prior to that he held a number of key senior management roles in Trinity, including Chief Academic Officer (Vice-Provost & Deputy President) and Dean of Graduate Studies. He conducted engineering research at the highest international level as Professor of Bio-Engineering and founding Director of the Trinity Centre for Bio-Engineering, publishing over 250 papers on mechanobiology and medical device design. He has experience of working at the TU Delft/Erasmus University Medical Centre and the University Polytechnic of Catalonia, and as a Governing Board member of the European Institute of Innovation and Technology (EIT) from 2012 to 2020. He is co-chair of the [Environmental Ethics Initiative](#), and the [ARINS Project](#). Currently he is Research Professor in Trinity College Dublin.
