Mechanical Maintenance Technician

Company Details

Company Name: KDP Ireland

Location of Position: Kildare

Company Website: <https://www.keurigdrpepper.com/>

Type of Company: Manufacturing

Position

Job Title: Mechanical Maintenance Technician

Number of Positions: 1

Vacancy Type: Current Vacancy

Applicant Requirements

Target Discipline: Engineering/Fitter

Level of Qualification: 7/8/Postgraduate

Duties of Position

As the Maintenance Technician, you will support the Maintenance Manager to maintain a state-of-the-art automated plant. You will be required to complete corrective and preventative maintenance to maintain core and non-core plant equipment to the highest standard, therefore a strong electrical and mechanical aptitude will be paramount. You will also need to utilize engineering systems to ensure site and regulatory compliance. You will appraise site equipment to improve equipment efficiency and assist production in lean manufacturing.

The role will involve shift work on a rotating basis (7am to 3.30pm and 3pm to 11.30pm). You will get a shift premium of 20% on top of your basic salary. There will also be a requirement to be on callout.

- Ensure compliance with all HSE and Food Safety & Quality legal and regulatory requirements and associated policies.
- Lead preventative maintenance of site equipment to improve equipment efficiency and reduce machine downtime.

- Respond to corrective and emergency breakdowns to improve equipment up-times while maintaining GMP standards.
- Assist in developing the TPM and PM process for manufacturing equipment.
- Support production with TPM schedules and procedures.
- Complete site safety checks to ensure regulatory compliance and continuous improvement.
- Monitor and evaluate equipment systems and make changes for continuous production improvements.
- Support the Maintenance Manager and Maintenance Planner with PPM and BMS software.
- Support cross-functional departments and external contractors in project work.
- Ensure all maintenance activities are completed in a timely manner and to the correct standard.
