## **1. Minutes of Academic Council Meeting of 9 December 2025**

**AGREED:** Minutes of Academic Council Meeting of 9 December 2025 were approved.

## **2. Matters Arising**

**2.1** The Chairperson noted that the meeting on 9 December 2025 had originally been scheduled as an in-person meeting but had to be moved to Teams. We will aim to hold an in-person meeting shortly.

### **2.2 Update on the use of GenAI score on Turnitin**

At the previous Academic Council meeting, members requested further research into sectoral practices before making a final decision on this proposal. This work is ongoing, and a paper will be presented at the next meeting of Academic Council. Dr. Hazel Farrell advised members that several training sessions will be offered during CPD Week to help address the training concerns raised.

## **3. Policies for Noting**

### **3.1 SETU Research Security Position Statement**

The SETU Research Security Position Statement and Research Security briefing presentation were circulated prior to this meeting. Prof. Marie Claire Van Hout introduced the documents and noted that they have already been presented to the Executive Management Team (EMT) and the Research and Research Programmes Committee.

Prof. Kim Murphy joined the meeting and presented the document noting first that the position statement outlines SETU's commitment to safeguarding research security and the purpose of this statement is to raise awareness across the university about the emerging risks for researchers and academics and the measures needed. She emphasised this is not a policy paper. Members were also advised that DFHERIS are developing national guidance on Research Security with publication expected in Q1-Q2 2026.

Following discussion, members recommended reviewing the membership of the SETU High Level Working Group, suggesting it should include either Heads of Faculty or Heads of Department. Members also requested a review of the Position Statement for any typographical errors, the inclusion of a definition of 'risk,' and a reconsideration of the title—proposing 'Knowledge and Research Security Statement' as a possible alternative. It was noted that the Academic Freedom Policy currently under development should cross-reference this Position Statement. Prof. Murphy undertook to bring these recommendations back to the Working Group.

The SETU Research Security Position Statement was approved by Academic Council subject to the recommendations above.

The Chairperson thanked Prof. Murphy and the Working Group for all their work on this Statement and Prof. Murphy left the meeting.

### **3.2 Programme Development and Validation Regulatory Framework**

The documents "Programme Development and Validation Policy – Draft Only" and "Programme Development and Validation Procedure – Draft Only" were circulated in advance of the meeting. Dr Chris O'Riordan presented the revised drafts, noting that amendments had been incorporated following feedback from Academic Council at its previous meeting and from the Policy Review Group. The key revisions are highlighted in the versions circulated today through tracked changes.

Members welcomed the updated documents and proposed several further enhancements. These included: incorporating a flowchart and links to relevant templates; outlining the terms of reference for the Faculty sub-committee; and providing guidance on appropriate consultation when developing programme proposals. Training was also identified as a key issue. The timeline for minor changes was discussed acknowledging that this needs to be done before the start of the relevant term and should be a timely process.

**AGREED:** Academic Council approved the *Programme Development and Validation Regulatory Framework*. It was further agreed that the Framework will be reviewed after one year. Ancillary operational documents will be developed in line with the proposals outlined above and brought to the June meeting of Academic Council.

The policy will be included on the agenda for the next Academic Council meeting.

## 4.4 Joint Quality Committee

## 5. Ratification of Examination Results

A list of programmes approved at exam board meetings was presented to Academic Council for ratification.

## 6. Annual Quality Report

The Annual Quality Report was circulated prior to the meeting. Dr. Paul O'Leary presented the document and noted that it has already been considered by the Taught Studies Programmes, Teaching & Learning Committee. Members were asked to submit case studies for inclusion in the

appendix, and Dr. O'Leary will circulate an email requesting these. The following amendments were also noted: on page 56, the Chief Operations Officer was recruited during this period, and on page 61, the font changes need to be corrected.

**AGREED:** Academic Council approve the submission of the Annual Quality Report to Governing Body and QQI.

### **7. Academic Risk Register Review**

The Academic Risk Register was circulated prior to the meeting. Members were advised that this is a high-level register which has been reviewed by the Joint Quality Committee. No changes have been made since it was last considered by Academic Council. Members suggested that the Register would be easier to read if presented with a RAG status, and recommended that Linked Partners and AI be included. Members noted the Joint Quality Committee is scheduled to review the Academic Risk Register at their next meeting. It was suggested that an academic risk workshop would be a useful exercise. The need to clarify whether the document is an Academic risk register or an Academic Council risk register was raised as there are implications for assignment of the risk owner.

**AGREED:** Revised document, following the Joint Quality Committee meeting, to be brought to the next meeting of Academic Council for broader discussion.

### **8. Grade Distribution & Award Classification Data**

This item was deferred to the next meeting of Academic Council.

### **9. Review of Academic Council**

The *Academic Council Self-Assessment Questionnaire: Report on the Analysis of Responses to Closed Questions and Statements*, the *Academic Council Self-Assessment Questionnaire: Report on the Analysis of Responses to Open-Ended Questions and Statements*, and the associated presentation were circulated prior to this meeting. Dr. Chris O'Riordan presented the key findings. D. O'Byrne acknowledged specific reference had been made to him in the survey.

**AGREED:** It was agreed that a working group will be established to identify and consider the actions required as a result of the review. D. O'Byrne will issue an email inviting volunteers to join the working group.

### **10. SETU Response to QQI Papers**

The SETU Response to the Green Paper on Micro-Credentials, the SETU Response to the White Paper on Intermediate Qualifications at NFQ Levels 5 and 6, and the Joint Sectoral Response to the same White Paper were circulated prior to this meeting. Members noted that these documents have already been reviewed by the Taught Studies Programmes, Teaching & Learning Committee and submitted to QQI.
