Personal Statement

Annex B

This must be completed by all candidates.

In your personal statement, you should clearly convey your motivation for applying for the programme, your understanding of the Master of Pharmacy, and outline how it aligns to your future career goals. You should outline your insight and understanding of the profession, and show where you have demonstrated skills and qualities, which will support your development as a pharmacist. You should outline how your interest in science aligns with practice and outline any relevant reading, coursework or research you have completed. Please be as clear as possible in your writing and reflect on your skills and experience as they align to pharmacy.

Maximum Word Count: 1000 words maximum
