

Practice Placement 3

5 Credits, Level 9

Aim of Module	To deepen the student teachers understanding and competence in teaching and to provide an opportunity to show that s/he is capable of joining the profession as a beginning teacher who can work effectively in FE.
Module Learning Outcomes	<ul style="list-style-type: none">• Critique the subject matter and the associated domain-specific methodology of the relevant syllabi, relating it to other subjects and relevant life experiences of the learner.• Promote engagement based learning and teaching in order to develop effective, creative and imaginative teaching strategies that are appropriate to the learners.• Critically reflect on her/his practice in order to contribute to the processes of curriculum development and evaluation and centre planning.• Consider and assess how teachers may appreciate and utilize the community as a learning resource; enriching the community in turn through collaborative interaction with FE colleges/centres/ programmes.• Demonstrate an awareness of the importance of ongoing professional development and a commitment to engage with that process.• Apply a range of assessment strategies to support, monitor and access students' approaches to learning.
Mode of Assessment	100% Continuous Assessment.
Course Leader	Dr Carol O'Byrne
