Note;

- General Collected Formulae to be available for all Electrical Science Examinations (A4 white sheets)
- Electrical Regulations - IS10101 to be available (Red Book)
- Electrical Regulations - IS10101 Hazardous Area Regulations - ET105:2011 to be available (Green Book)
- Formulae Book for EI apprentices with measurement revision aid & Hazardous Area Regulations (Green Book)
- General Collected Formulae and Electrical Regulations - IS10101 to be available (A4 white sheets and Red Book)
- NSAI IS10101, 2020, Electrical Regulations. National Rules for Electrical Installations. (Red Book)
- General Collected Formulae to be available - IS10101 Hazardous Area Regulations - ET105:2011 to be available (A4 white sheets and Green Book)

Electrical Ph 4 notes

*P1 Electrical Science Craft Practice - additional 30 minutes can also be requested plus extra time if applicable to apprentice

*P4 Domestic Heating - additional 30 minutes can also be requested plus extra time if applicable to apprentice

*P3 3 Phase Distribution Board Assembly - additional 30 minutes can also be requested plus extra time if applicable to apprentice

EI Ph 4 see below

*P4 Exam Students brought in to exam in groups of 3 hence duration is 8.5 hours to facilitate 11 groups of 3 at 40mins each and a 5min break between each group
