

## SETU Courses Which Require Garda Vetting

Garda Vetting is a legal requirement for all people working with children and vulnerable adults, under the National Vetting Bureau (Children and Vulnerable Persons) Acts 2012-2016. A number of courses offered by SETU require students to undertake placements that will bring them into contact with children or vulnerable adults and in which they will assume positions of trust.

To ensure the protection of the public and justify public trust and confidence, only suitable candidates are allowed to undertake these courses and SETU uses the Garda Central Vetting Unit (GCVU) vetting service to assess the suitability of applicants. Students will be informed directly by the Programme Leader or School Administration team and provided with all necessary instruction. Re-vetting may be required after a certain period of time or where deemed necessary to do so. The University reserves the right to withdraw or exclude a student from a programme of study where Garda vetting identifies prior criminal activity of any kind.

Note that the Garda Vetting process may be applied to any member of the student community at the discretion of the Vice President of Academic Affairs and Registrar.
