	Appendix 1- Composition of Interview Boards	10

1. Policy Statement

SETU is an equal opportunities employer committed to attracting, recruiting, developing and retaining the highest calibre of staff to build a diversified, supportive, innovative and inclusive workforce. SETU is dedicated to making a significant and lasting contribution to the lives of our learners, to the development of the University's academic, research and regional development mission and the furtherance of its core values through the recruitment of talented staff.

As a technological university, SETU is required by the Technological Universities Act, 2018 to increase the proportion of its full-time academic staff holding a PhD from at least 45 per cent to at least 65 per cent within 10 years of establishment date. SETU's approach to recruitment will reflect that requirement.

2. Scope of Policy

This recruitment and selection policy applies to all recruitment activity. This policy should be consulted by hiring managers¹; those involved in shortlisting and interviewing and giving feedback to applicants. The corresponding recruitment and selection procedures set out the steps of the recruitment process from advertising to appointment. The recruitment process will adhere to all applicable national agreements.

Grades/disciplines covered by this policy

This policy covers all staff grades and disciplines employed by SETU with the exception of the recruitment of the President. Specific information on the interview boards for the hiring of all staff is available in Appendix 1.

¹ hiring manager is defined as the manager of the School/Dept./Function who identifies the vacancy in their area and initiates the request to fill the post.

System for Recruitment & Selection

SETU uses an electronic online recruitment system called E-recruit. All staff requests must go through the appropriate workflow approvals in the E-recruit portal system before any vacancies can be advertised. Human Resources has overall responsibility for managing the recruitment process.

Employment Equality Acts

All stages of the recruitment process will be in compliance with the Employment Equality Acts 1998-2015 and other relevant legislation. No candidate shall be discriminated against on any of the nine grounds mentioned in legislation, i.e., Gender, Civil Status, Family Status, Race, Religion, Sexual Orientation, Age, Disability, or Membership of the Traveller Community.

3. Recruitment Process

3.1. Position Approval

The recruitment and selection process is initiated once a vacant post is identified. This can be either due to:

- Creating a new position or
- Backfilling a vacant existing position
- For all vacancies, the Hiring Manager must submit a Staff Request through E-recruit and upload or enter a Job Description for the post with the request. Once the request has been approved through the relevant workflow, the recruitment team will advertise the vacancy as required.

3.2. Job Description/Person Specification

The hiring manager is responsible for drafting the job description including the person specification in line with nationally agreed job descriptions.

3.3. Advertisements

All advertisements will be placed on the SETU website and relevant other media as required, agreed and approved and will require use of the E-recruit portal as standard. All advertisements will make it clear by their wording that the position is open to all suitably qualified candidates. All advertisements will carry the statement of SETU's commitment to equal opportunities.

3.4. Shortlisting

SETU will apply a shortlisting process for all competitions. Shortlisting will be based on the criteria identified in the person specification for the post. A shortlisting pack containing all the applications, job description, and shortlisting analysis/control sheet will be issued to the Hiring Manager and where appropriate the Head of Department/Function after the advert closes. The hiring manager and another member of the interview board at a higher level than the post which is under competition will conduct the initial shortlisting. Thereafter the initial shortlisting form and all the applications will be shared with the remaining members of the interview board for review and sign off. HR will also conduct a cross-check on shortlisting.

3.5. Interview Process

The primary method of selection in SETU is by means of an interview process (which may include a presentation) carried out by an interview board of no less than three members with gender representation (see Appendix 1 for details of the membership of interview boards for all posts). Interviews at SETU may be carried out in person or remotely via MS Teams/Zoom or any other appropriate method. On occasion, there may be more than one round of interviews required and this will be communicated to candidates if applicable.

Additional selection methods in line with the criteria for the post may be applied for the selection process if requested by the hiring manager-

3.6. Data Protection

The information and all discussions must remain confidential both during and after the recruitment process, in line with Data Protection legislation. All interview documentation will be retained in accordance with the University's Retention Policy.

3.7. Appointing

The interview board will make a recommendation as to the most meritorious candidate/s following interview and the recommendation will be formally documented by the interview board Chairperson. The interview board reserve the right to create a panel of candidates suitable for further appointment within a defined period of time. HR will endeavour to communicate the outcome of the interviews to all candidates within 10 working days of the interviews. A list of all proposed appointees will be placed before a meeting of the Governing Body.

3.8. Candidate Feedback

HR will be responsible for providing interview feedback to candidates. Candidates who would like to receive interview feedback must submit a request in writing to HR within two weeks of the notification of the outcome of the interview. HR will then endeavour to provide feedback within 10 working days of the request. All interview documentation relevant to the candidate can be made available to the candidate on request.

4. Appointment Process

SETU will approve all appointments as appropriate. A conditional offer of employment may be made to the successful candidate subject to the submission and verification of the required documentation. On satisfactory completion of these checks, HR will issue the contract of employment.

New appointees cannot commence employment in SETU until all standard pre-employment checks are completed.

All successful candidates are required to sign and accept the terms and conditions of employment and return these documents to HR.

4.1 Employment Permits

SETU will comply with current employment legislation; specifically, the Employment Permit Act 2003. It is currently an offence under this Act for either an employer or employee (if a non-EEA national) to engage in an employment-based relationship within SETU without previously having acquired appropriate authorisation to do so.

4.2 Records

A personnel file of every employee will be kept in HR. All relevant documentation associated with the recruitment and selection process will be kept on file in HR. All records will be retained by SETU in line with SETU's Retention Policy.

5. Appeals Process

A nationally agreed Appeals Policy is available to allow an applicant an opportunity to appeal a shortlisting or selection decision if they feel that an error was made during the hiring process which adversely affected their opportunity to be appointed. For further details please review appeal policy at the following link xx (to be included)

6. Policy Review

This Recruitment and Selection policy will be reviewed in 12 months of the approval date and thereafter will be reviewed every 3 years to reflect changes in legislation and national and international approaches as required.
